Quezon City, Philippines

SKILLS

- Tableau
- Microsoft Power BI
- SQL (MSSQL, Snowflake)
- Python
- Excel (Pivot, Lookup, Conditional formatting)
- HubSpot
- Google Analytics
- SEMRush

PROJECTS

AdventureWorks Sales Report - Power BI
Personal Project
- Developed an end-to-end data analytics sales dashboard.
- This project streamlined data processing, enhanced data modeling, and provided insightful analysis and actionable insights through an intuitive dashboard interface.

DNC Lookup - Python
Personal Project
- Created a python script to automate the DNC lookup.
- Utilized pandas to clean and process the data for the DNC lookup.
- Optimized data processing using DuckDB for large datasets and numpy for fast computations.

8 Week SQL Challenge - SQL
Personal Project
- Established a SQL environment and understood the challenge scope.
- Utilized advanced filtering and subqueries for complex questions.
- Optimized queries for performance and efficiency.
